

The image shows a page of graph paper with a grid of small squares. A vertical blue line is positioned on the right side of the page. The grid is mostly empty, with a few faint horizontal lines visible near the top right corner.

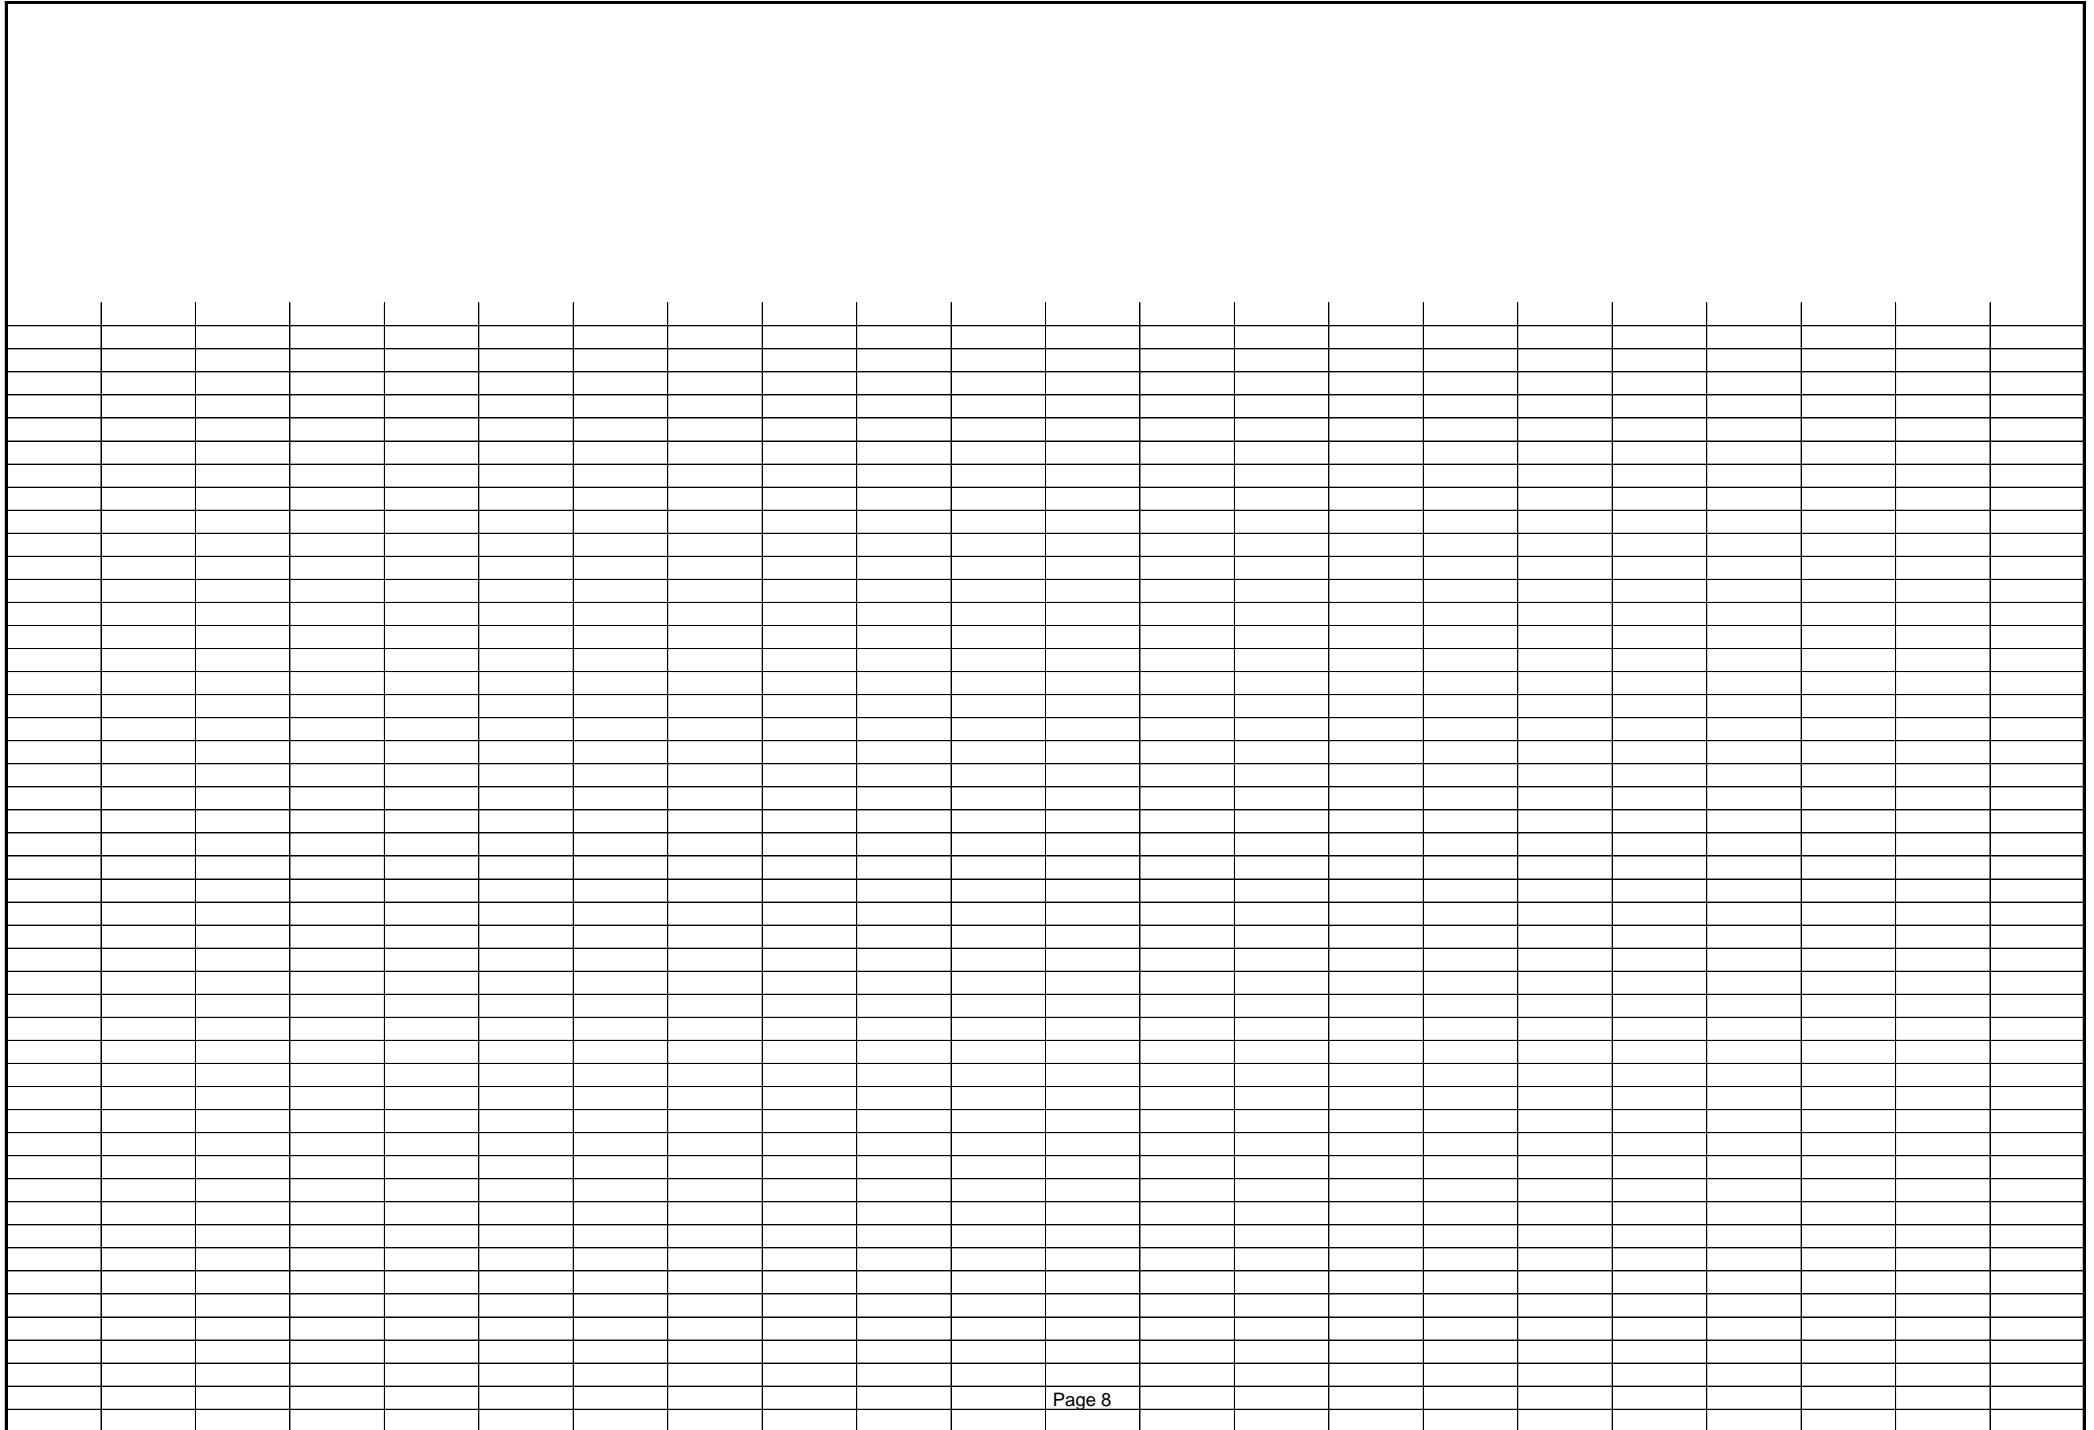

The image shows a large grid of 20 columns and 20 rows. A red horizontal line is drawn across the middle of the grid, separating the top 10 rows from the bottom 10 rows. The grid is used for writing or calculations.

A large grid of empty cells, likely for writing or calculation, occupying most of the page. The grid consists of 20 columns and 30 rows.

The image shows a large grid of 20 columns and 20 rows. A red horizontal line is drawn across the middle of the grid, separating the top 10 rows from the bottom 10 rows. The grid is composed of thin black lines forming a series of small squares.

A large grid of empty cells, likely for writing or calculations, occupying most of the page. The grid consists of 20 columns and 25 rows of small squares.

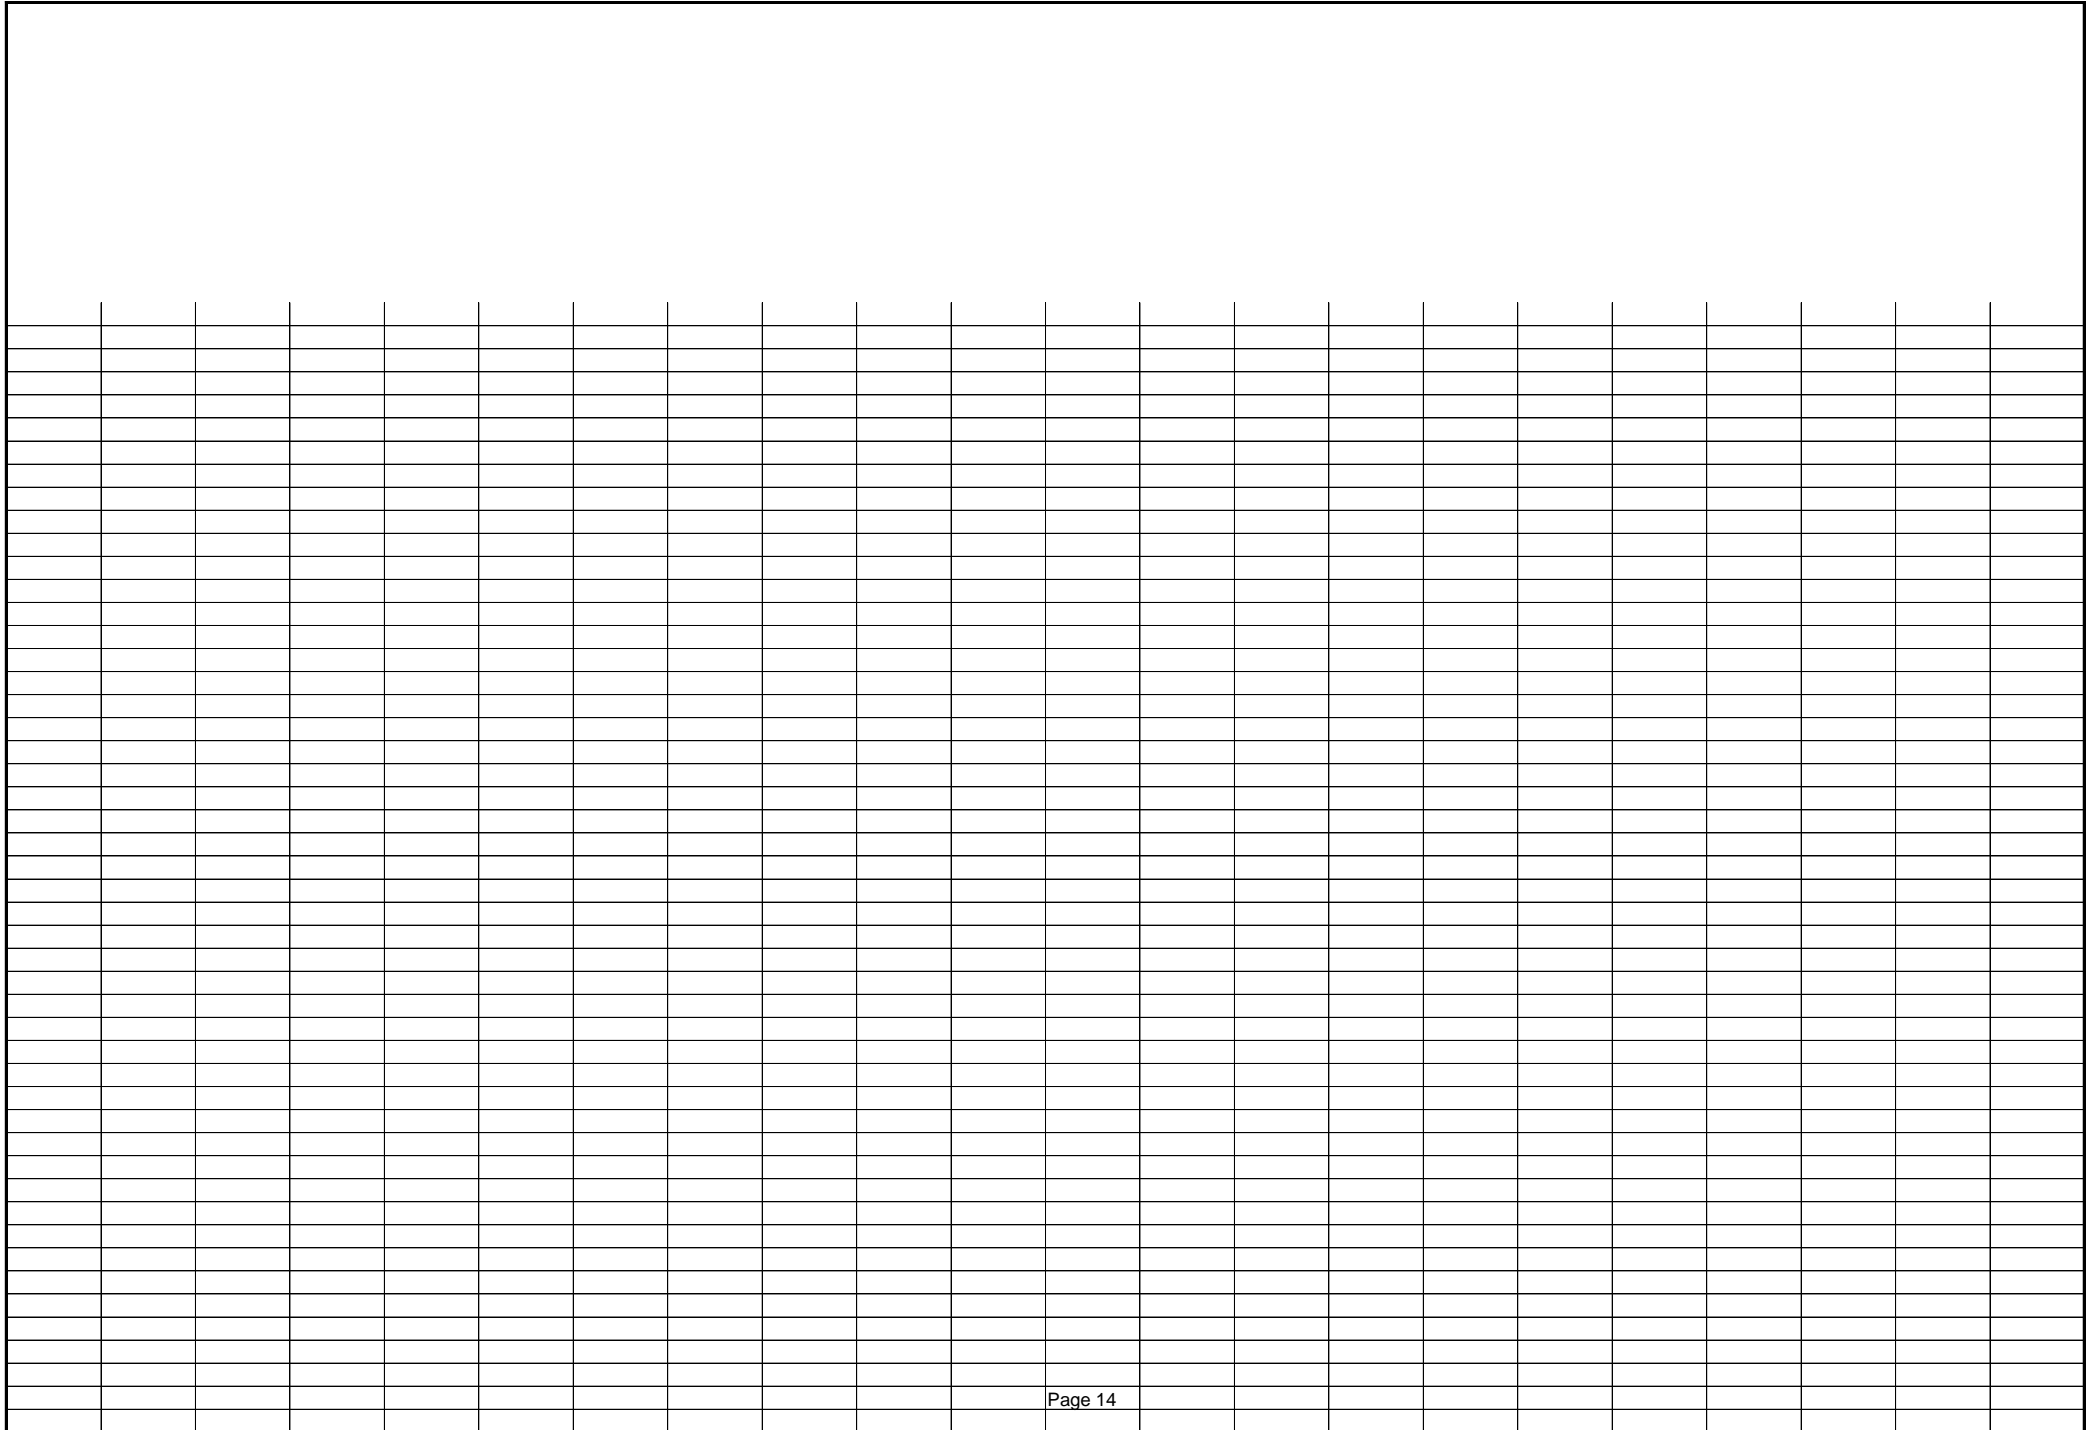

The image shows a large grid of 20 columns and 20 rows. Two horizontal red lines are drawn across the grid, one at the 5th row and one at the 10th row. The grid is otherwise empty.

A large grid of empty cells, likely for writing or calculations, occupying most of the page. The grid consists of 20 columns and 30 rows.

The image shows a large grid of graph paper. The grid is composed of 20 columns and 30 rows of small squares. Three horizontal red lines are drawn across the grid, dividing it into four sections. The first red line is at the top, the second is in the middle, and the third is near the bottom. The grid is otherwise empty.
